ADMISSION RULES & TIME

ADMISSION RULES

3-6 years old classes

The school welcomes children aged from 3 years old (attained at the latest on 31st of December of the current year). The child should not wear nappies anymore during the day.

When enrolling your child at Montessori Rive Gauche, you aspired to an educational environment that focuses on individual learning in a collaborative atmosphere in which we favour self-confidence and autonomy while allowing children to evolve at their own pace. In order to make the best of the Montessori pedagogy, the three year cycle is crucial. Therefore, the enrolment at Montessori Rive Gauche is at least for a 3 year period (between 3-6 years old).

1.2 6-12 years old classes

In the 6-12 classes, the school welcomes children aged from 6 years old (attained at the latest on 31st of December of the current year) until 12 years old (at the beginning of the school year).

Under certain circumstances, according to child's maturity and after meeting with him/her, we can enrol a child under 6 years old in the 6-12 class. This for his wellbeing only.

If possible, we recommend spending a day within the 6-12 classroom as a trial.
